

# BUGS TO THE FUTURE

ARE YOU READY FOR EDIBLE INSECTS?

MEISE BOTANIC GARDEN | 15 MAY 2022

## PROGRAMME

**All day | 10.00 - 17.00**

Tastings - Information stands - Foodtruck - Animation

**Stakeholders meeting: eating insects: are we ready? | 10.00 - 12.00**

- Eating insects: is the **policy** ready?

Which insects can currently be marketed in the EU? And in Belgium? Why these and not others (yet)?

*A concise summary of the current rules and changes in legislation (Belgian Federal Public Health Service).*

- Eating insects: is the **sector** ready?

How many Belgian companies breed insects for human consumption? What are their motivations? What are the biggest challenges?

*An overview and testimonial of a convinced insect breeder.*

- Eating insects: is the **consumer** ready?

What does the consumer/citizen think about eating insects? What is important in choosing whether or not to eat insects?

*A look at the consumer survey as part of the ValuSect project.*
